

An aerial photograph of Rotterdam, Netherlands, taken at sunset. The city's skyline is visible, featuring several prominent skyscrapers and modern buildings. The city is situated along the Scheldt River, which winds through the urban landscape. The sky is filled with soft, warm colors from the setting sun, transitioning from orange near the horizon to a pale blue above. The water of the river reflects the light from the sky and the city lights. In the foreground, a cluster of modern, multi-story buildings with various architectural styles is visible. The overall scene captures the vibrant and modern atmosphere of the city during the 'golden hour' of sunset.

Rotterdam.
